The American Yawp Joseph L. Locke 2019-01-22 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of

resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

More to the Story Hena Khan 2019-09-03 From the critically acclaimed author of *Amina's Voice* comes a new story inspired by Louisa May Alcott's beloved classic, *Little Women*, featuring four sisters from a modern American Muslim family living in Georgia. When Jameela Mirza is picked to be feature editor of her middle school newspaper, she's one step closer to being an award-winning journalist like her late grandfather. The problem is her editor-in-chief keeps shooting down her article ideas. Jameela's assigned to write about the new boy in school, who has a cool British accent but doesn't share much, and wonders how she'll make his story gripping enough to enter into a national media contest. Jameela, along with her three sisters, is devastated when their father needs to take a job overseas, away from their cozy Georgia home for six months. Missing him makes Jameela determined to write an epic article—one to make her dad extra proud. But when her younger sister gets seriously ill, Jameela's world turns upside down. And as her hunger for fame looks like it might cost her a blossoming friendship, Jameela questions what matters most, and whether she's cut out to be a journalist at all...

A Princeton Companion Alexander Leitch 2015-03-08 In this unusual and unique volume, Alexander Leitch provides a warm, often witty, and always informative reference book on Princeton University. The collection of approximately 400 articles, alphabetically arranged and written by some seventy faculty members and alumni in addition to the author, covers all aspects of Princeton life in the past as well as in the present. Of special interest are the biographies of eminent Princetonians, including the University's presidents, well-known trustees, distinguished deans, famous alumni, and some of Princeton's most prominent and popular professors. Other articles in the book embrace a wide range of topics: histories of academic departments, programs, and research units; descriptions of the honor system, the preceptorial method, the four-course plan, and coeducation; a historical survey of the University's acquisition of land and the development of its campus, together with articles on its principal buildings; pieces on student activities; accounts of alumni activities; articles on athletics; portraits of notable personalities; and commentaries on a host of lighter topics such as the cane spree, beer jackets, the Faculty Song, the proctors, and Veterans of Future Wars. Among the most important articles are one summarizing Woodrow Wilson's Sesquicentennial address, "Princeton in the Nation's Service," and a dozen others recording faculty and alumni achievements toward the goal encompassed by that phrase. Originally published in 1978. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. Creating the National Park Service Horace M. Albright 1999 Two men played a crucial role in the creation and early history of the National Park Service: Stephen T. Mather, a public relations genius of sweeping vision, and Horace M. Albright, an able lawyer and administrator who helped transform that vision into reality. In *Creating the National Park Service*, Albright and his daughter, Marian Albright Schenck, reveal the previously untold story of the critical "missing years" in the history of the service. During this period, 1917 and 1918, Mather's problems with manic depression were kept hidden from public view, and Albright, his able and devoted assistant, served as acting director and assumed Mather's responsibilities. Albright played a decisive part in the passage of the National Park Service Organic Act of 1916; the formulation of principles and policies for management of the parks; the defense of the parks against exploitation by ranchers, lumber companies, and mining interests during World War I; and other issues crucial to the future of the fledgling park system. This authoritative behind-the-scenes history sheds light on the early days of the most popular of all federal agencies while painting a vivid picture of American life in the early twentieth century.

The Pride of Havana Roberto Gonzalez Echevarria 2001-05-24 From the first amateur leagues of the 1860s to the exploits of Livan and Orlando "El Duque" Hernandez, here is the definitive history of baseball in Cuba. Roberto Gonzalez Echevarria expertly traces the arc of the game, intertwining its heroes and their stories with the politics, music, dance, and literature of the Cuban people. What emerges is more than a story of balls and strikes, but a richly detailed history of Cuba told from the unique cultural perch of the baseball diamond. Filling a void created by Cuba's rejection of bullfighting and Spanish hegemony, baseball quickly became a crucial stitch in the complex social fabric of the island. By the early

1940s Cuba had become major conduit in spreading the game throughout Latin America, and a proving ground for some of the greatest talent in all of baseball, where white major leaguers and Negro League players from the U.S. all competed on the same fields with the cream of Latin talent. Indeed, readers will be introduced to several black ballplayers of Afro-Cuban descent who played in the Major Leagues before Jackie Robinson broke the color barrier once and for all. Often dramatic, and always culturally resonant, Gonzalez Echevarria's narrative expertly lays open the paradox of fierce Cuban independence from the U.S. with Cuba's love for our national pastime. It shows how Fidel Castro cannily associated himself with the sport for patriotic p.r.--and reveals that his supposed baseball talent is purely mythical. Based on extensive primary research and a wealth of interviews, the colorful, often dramatic anecdotes and stories in this distinguished book comprise the most comprehensive history of Cuban baseball yet published and ultimately adds a vital lost chapter to the history of baseball in the U.S.

Killing Love Rebecca Poulson 2015-09-01 This powerful, unforgettable and uplifting story is one part wrenching family memoir, and one part inspirational journey towards healing and forgiveness – but most of all, it's an unputdownable journey through one family's tragedy and how they refused to let it define them. On the day of Rebecca Poulson's 33rd birthday, her father, niece and nephew were murdered. The murderer had been part of her family; her brother-in-law, Neung, the father of the children. Killing Love is Rebecca's journey through homicide; grief, the police investigations, the media interest, the court cases, the moments of great despair – and the healing. It is a story of individual tragedy and a family's strength, but it is also a story of a community's attitude to family violence. As a reluctant warrior for those who cannot speak for themselves, Rebecca talked to the NSW State Premier and politicians, on multiple TV shows and to print journalists in the hope that the mistakes made by the police force, DOCS, the legal system and solicitors will never be made again. Rebecca's contact with policy makers has been nothing short of history-making, and her story has directly influenced domestic violence laws in the state. Neung left a
